

Total Accounting Care

What Would You Do If You Had The Time?

Providing Businesses and Government Contractors with Powerful Benefits That Add Up to Improved Productivity, Efficiency and Profit.

Total Accounting Care™

Total Accounting Care (TAC) is a unique bundled accounting solution developed by Stitely & Karstetter CPAs, a leading Washington, D.C.-area accounting firm. TAC was specially designed to help remove the burden of managing complex accounting requirements, enhancing efficiency and profitability.

Experience A Significant Return On Investment.

Businesses that use Total Accounting Care can significantly increase their staff productivity and effectiveness. Minimizing the amount of accounting work required by administrative employees helps them to become more productive and organized, which in turn can substantially improve businesses profitability.
